PROGRAM & DATA MANAGER

*Strategic Program & Data Manager with over a decade of experience driving digital transformation and operational excellence across municipal, federal, and international sectors. Possessing **full digital mastery** over the modern computing landscape, I leverage **technical solutions**—spanning Applied AI, Machine Learning (MIT Certified), and Azure Cloud infrastructure—as foundational tools to resolve complex organizational challenges. Proven expertise in **architecting high-impact systems**, including the management of a \$7.6 billion annual NYC portfolio and multi-agency safety research, utilizing a multidisciplinary toolkit (e.g., Python, SQL, CAD, and Adobe Creative Suite) to bridge the gap between **technical engineering** and **data-driven decision-making**.*

EDUCATION

Massachusetts Institute of Technology | Oct 2025 Applied AI & Data Science Certification

Microsoft | Oct 2025 Microsoft Certified: Azure Data Fundamentals

Goucher College | May 2019 Bachelor of Arts in Economics, Minor in Public Health

Google | Dec 2021 Google Grow Project Management Certificate

CertNexus | Dec 2021 Certified Ethical Emerging Technologist Professional Certificate

Management & Strategy Institute | Aug 2021 Project Management Essentials Certified

National Institute Of Health | May 2018 NIH Research Ethics

WORK EXPERIENCE

MIT | Cambridge, MA

Applied AI & Data Science Certification | Jun 2025 – Oct 2025

- **Role:** Studied at MIT to gain certification in data work I've been doing in my career.
- **Outcome:** Formalized skills in Machine Learning, Applied AI, and Data Science by optimizing models with accuracy boosts of 50% and reduced training latencies of 30% through advanced hyperparameter tuning and data pipeline refactoring in simulated production environments.
- **Tools:** Python, R, Seaborn, NumPy, Pandas, Scikit-Learn, TensorFlow, Keras, AI Creation, Generative AI, Transformers, OpenCV, Hugging Face, ChatGPT, DALL-E, Langchain, Natural Language Processing, Predictive Algorithms, Data Processing, Data Visualization, Tableau, Excel, Deep Learning, Data Analysis, Amazon Web Services Cloud.

Microsoft | Redmond, WA

Azure Data Fundamentals Certification | Jun 2025 – Oct 2025

- **Role:** Utilized Microsoft Learn course work to improve Azure data service skills. Managed and processed cloud-based datasets while ensuring architectural alignment and functionality.
- **Outcome:** Engineered a robust automated cleaning framework that improved data quality scores from 65% to 98% by successfully identifying and neutralizing 15+ dirty-data edge cases in a controlled sandbox.
- **Tools:** Azure SQL, NoSQL, Cosmos DB, Synapse Analytics, Data Factory, Power BI, Blob Storage, Data Lake Gen2, ETL/ELT Pipelines, T-SQL, and Relational/Non-Relational Modeling.

City of New York | New York, NY

Events & Community Coordinator | Oct 2023 – May 2025

- **Role:** Directed full-cycle Program Development and event design for NYC using advanced Data Integration strategies to drive informed process improvements.
- **Outcome:** Created innovative outreach strategies alongside Data Analysis that increased overall platform conversion and boosted event attendance by 35% with 30% more events.
- **Tools:** Cvent, Salesforce CRM, Eventbrite, Partiful, Luna, Zapier, Asana, Monday.com, Mailchimp, Slido (Analytics), Tableau (Reporting), Microsoft Excel, and Microsoft Teams.

New York City HRA | New York, NY

Program & Data Manager | Nov 2023 – Sep 2024

- **Role:** Directed enterprise-level Data Management and Data Integration of the New York SNAP/EBT system to direct and increase a \$7.6 billion budget in regulatory compliance.
- **Outcome:** Utilized ground research and testing data to inform infrastructure updates that decreased workload for employees by 40% and increased system accuracy for clients by 25%.
- **Tools:** Cúram (ACCESS HRA), WMS (Welfare Management System), POS (Paperless Office System), UiPath (RPA), SQL (SSIS), dbt, Power Automate, Tableau, and Excel (Advanced/VBA).

Comprehensive Life Resources | Tacoma, WA

Program & Data Manager | Sep 2022 – Sep 2023

- **Role:** Provided wraparound services to those without homes or unstably housed as leaders in State and City grants alongside successful models such as 'FHARPs' by completing grant deliverables, grant procurement, and process based upkeep alongside technical solutions.
- **Outcome:** Deployed feedback cycles and nuanced experience to redesign the State system, significantly improving data capture and operational efficiency for 1,000s of clients by 60%.
- **Tools:** ArcGIS, Google Forms, Microsoft Excel (Data Methodology), HMIS (Clarity), WA SAW (SecureAccess Washington), PRISM (Online Grant Management), Julius (Peer Services Data).

Federal Agencies | Washington, DC

Contractor: Asset, Cyber, Monetary & Domestic | Oct 2021 – Aug 2022

- **Role:** Awarded multiple independent contracts in research and management within agencies, applied program management methodology with information acquisition, situational analysis, landscape research and coinciding upkeep for critical operations
- **Outcome:** Engineered a standardized Data Warehousing and situational analysis framework that enhanced multi-scale operational outcomes by 25% via Data Management.
- **Tools:** Risk Management Frameworks (RMF), NIST Standards, SQL, Advanced Excel, Microsoft Project, Data Security, and Secure Communication Platforms, SQL Queries.

Federal Railroad Administration | Washington, DC

Environmental Researcher, Oil Train Safety | Apr 2021 – Jul 2021

- **Role:** Completed research for Hazardous Materials and Human Factors Division in accordance with regulatory principal and localized nuance, attributing to movements in policy or programming for solutions in urban transport at multiple levels of scale.
- **Outcome:** Produced reports and policy coverage material that informed agency-wide programming, significantly reducing localized safety risks in implementation.
- **Tools:** ArcGIS (Spatial Analysis), NEPA Frameworks, FRA Safety Standards, Microsoft Excel (Data Modeling), Tableau, Graphic Design, Adobe Acrobat and Federal Reporting Suites.

Lytx, Inc. | San Diego, CA

Technical Specialist — Fleet Management & AI Integration | Jan 2021 – Apr 2021

- **Role:** Maintained client satisfaction and onboarding stability through troubleshooting, data entry, and integral safety checks of hardware compatibility.
- **Outcome:** Leveraged technical experience and customer engagement techniques to maintain B2B leads, increasing lead generation and customer satisfaction by 30% each.
- **Tools:** Salesforce CRM, Gainsight (CSM), Zendesk (Ticketing), HubSpot, Jira (Bug Tracking), Lytx DriveCam API, Telematics Data Suites, and Oracle NetSuite (ERP), Microsoft Excel.

Solar Household Energy, Inc. | Washington, DC

Assistant Director | Dec 2019 – Jul 2020

- **Role:** Visualized publications, donor outreach graphics and grant-writing materials while utilizing social feedback cycles and economic analysis to assess the feasibility of programs and improve upon local and culturally relevant models of implementation.
- **Outcome:** Bolstered industry strength through R&D and multi-actor projects, resulting in clear upticks in donor engagement, decreased energy expenditure, and improved indoor air quality.
- **Tools:** Adobe Creative Suite (Illustrator/Photoshop), Salesforce (Donor Management), Mailchimp, Google Analytics, Excel, Google Ads, and Website Design (HTML/CSS).

Living Classrooms Foundation DC | Washington, DC

Volunteer Program & Grant Consultant | Sep 2019 – Dec 2019

- **Role:** Derived textual and budgetary analysis for DOEE grant applications to promote green workforce development and the transformation of Kingman Island greenspace.
- **Outcome:** Orchestrated a suite of wraparound programs and successfully designed a grant funded meta-analysis for their integration and cross-participation to enhance educational and workforce opportunities in rainwater retention gardens and eco job development.
- **Tools:** Salesforce (NPSP), VolunteerHub, Microsoft Excel (VBA/Budgetary Modeling), E-Grants (DOEE Portal), SMART (Participant Tracking), and SurveyMonkey (Meta-Analysis), Acrobat.

Where There Be Dragons | Varanasi, India

IRB Social Policy Researcher | Aug 2018 – Jan 2019

- **Role:** Conceptualized the environmental impact of natural gas cremation technology and its confluence with local spiritual tradition through multi-system energy dynamics.
- **Outcome:** Created and conducted an IRB-approved study and publication in accordance with NIH principles, resulting in broader regional support for Sankat Mochan Water Foundation.
- **Tools:** NVivo (Qualitative Analysis), Qualtrics, NIH Ethics Framework, Structured Interviews, Ground Level Research, SPSS, and Zotero (Academic Publication Management).

KOFA Public Affairs | Baltimore, MD

Grassroots Organizing Specialist, Canvasser | Sep 2016 – Jan 2017

- **Role:** Generated broad-based support for community-centered movements through canvassing while improving campaign goals based on direct community feedback.
- **Outcome:** Leveraged interpersonal communication to become the highest engagement-yielder during multiple campaign intervals, significantly increasing the organization's local reach.
- **Tools:** NGP VAN (Voter Activation Network), MiniVAN, PhoneBurner, Salesforce CRM, TargetSmart, and Google Workspace.

Global Green USA | Washington, DC

DC Environmental Network Intern | Dec 2015 – Feb 2016

- **Role:** Documented meeting minutes at multi-agency functions for briefing and analysis while authoring engagement-driven publication material and newsletters for public outreach.
- **Outcome:** Strategized and facilitated direct correspondence with affiliates, nonprofits, and DC Council members to strengthen regional environmental advocacy and network cohesion.
- **Tools:** Action Network, Mailchimp, GovTrack, Google Workspace, WordPress (CMS), and Excel.

VOLUNTEER EXPERIENCE

[Mid Coast Hunger Prevention Program](#) | *Brunswick, ME*

Cooking and Food Pantry Assistant | *May 2019 – Aug 2019*

[Coalition of Immokalee Workers](#) | *Baltimore, MD*

Fair Food Program Organizer | *Jan 2019 – May 2019*

[Living Classrooms Foundation](#) | *Washington, DC*

Workforce Development Training | *Dec 2018 – Jan 2019*

[ESL International](#) | *Leh, India // Accra, Ghana*

English As A Second Language Instructor | *Apr 2014 – Oct 2018*

[Midcoast Coastal Humane Society](#) | *Brunswick, ME*

Animal Caretaker | *Jun 2017 – Aug 2017*

PROFESSIONAL SKILLS

TECHNICAL SKILLS

Machine Learning Engineer, NLP, LLMs, Generative AI, Prompt Engineering, Computer Vision, Transformers, Hugging Face, Scikit-Learn, TensorFlow, PyTorch, Keras, Deep Learning, CNN, Neural Networks, Reinforcement Learning, Ensemble Learning Specialist, Hyperparameter Tuning Expert, Model Evaluation Analyst, Classification Algorithms, Model Tuning, Sentiment Analysis, Recommender Systems, AI Agents, LangChain, Bias Mitigation Expert, Technology Ethics Consultant. Data Science & Analytics: Data Scientist, Data Analyst, Advanced Excel (Pivot Tables, VLOOKUP, Power Query, VBA, Macros), Microsoft Excel Specialist, Google Sheets Analyst, Econometrics, Quantitative Analytics, Qualitative Research, Regression Analysis, Time Series Forecasting, Statistical Data Analysis, Dimensionality Reduction, Hierarchical Clustering, Algorithm Designer, SQL, NoSQL, Python (NumPy, Pandas, Seaborn), R, Stata, MATLAB Programmer, Intermodal Network Analysis, Data Privacy Risk Management, Big Data Engineer. Systems & Infrastructure: Technical Program Manager, Azure Databricks, Azure Data Lake, Snowflake, dbt, AWS, IoT Specialist, Blockchain Developer, ArcGIS, GIS Analyst, Power BI, Tableau, JSON Developer, Java Developer, API

Developer, HTML5, CSS3, Back-End Web Development, Front-End Developer, Responsive Web Design, AutoCAD, 3D CAD, Adobe Creative Suite (Photoshop, Illustrator), Video Editing, Graphic Design, Cloud Compliance Officer, Data Security Engineer, Database Management, Data Integrity.

BUSINESS SKILLS

Project Manager, Program Manager, Microsoft Office Suite (Word, Outlook, PowerPoint, Teams), Google Workspace, Operations Researcher, Strategic Planner, Business Process Optimization, Process Reengineering, Change Manager, Risk Management (NIST/RMF), Regulatory Compliance, Operational Efficiency, Supply Chain Manager, Resource Allocator, Vendor Manager, Quality Assurance Specialist, Lean Manager, Agile, Scrum, Organizational Developer, Succession Planner, Workforce Planner, Innovation Manager. Finance & Grants: Grant Procurement, Grant Administrator, Budgetary Modeling, Financial Forecaster, Cost-Benefit Analysis, Underwriting, Contract Negotiator, Performance Metrics (KPIs), Performance Optimizer, Portfolio Manager, Revenue Operations, B2B Lead Generator, Market Analyst, Competitive Analyst, Inventory Manager, Asset Management, Revolving Loan Funds, Grant Writer, Fundraiser. Policy & Research: Policy Analyst, Health Policy, Domestic Policy, Environmental Researcher, Social Policy Researcher, Human Factors Analyst, Title IX Policy, Federal Asset Manager, Cyber Security Analyst, Monetary Analyst, Institutional Review Board (IRB), NIH Principles, Landscape Research, Impact Assessment, Program Evaluator, Compliance Auditor, Social Impact Strategist, Scalable Solutions.

INTERPERSONAL SKILLS

Cross-Functional Team Builder, Stakeholder Aligner, Mentorship, Peer Coach, Team Empowerer, Inclusive Leader, Conflict Mediator, Strategic Decision-Making, People Operations Manager, Talent Acquisition, Account Manager, Customer Success Manager (CSM), Relationship Management, Team Dynamics, Diversity and Inclusion (DEI) Coordinator, Emotional Intelligence Expert. Communication & Facilitation: Multi-Agency Coordinator, Public Outreach Strategist, Technical Writing, Public Speaking, Consensus Builder, Group Facilitation, Workshop Leader, Briefing and Analysis, Publication Material Author, Direct Correspondence, Community Engagement, Cross-Cultural Communication, Crisis Communication Expert, Diplomatic Liaison, Intercultural Exchange, Trust Facilitator, Resilience Trainer, Diplomacy Specialist, Ability to Prioritize Tasks and Manage Multiple Projects, Time Management Skills, Strong Customer Focus and Adaptability, Communication & Facilitation: Effective Written and Verbal Communication, High Level of Customer Service, Active Listening, Empathy and Patience.
