
LANCELOT NAIPIER-KANE

New York, New York • 1-(707)-991-1031 • lancelotsmnk@gmail.com • [linkedin.com/in/lancelotnk](https://www.linkedin.com/in/lancelotnk) • <https://lancelot-nk.github.io/>

DATA ANALYST & DATA SCIENTIST

Data science and data analytics professional with a strong foundation in AI, machine learning, and algorithm-driven problem solving, supporting analysis and decision-making on budgets up to \$7.6B. Experienced in using Python, R, and data structuring techniques to develop technical solutions and translate analysis into practical business outcomes. MIT and Microsoft certified with a focus on delivering data-backed results and scalable insights.

WORK EXPERIENCE

MIT

Cambridge, MA • 06/2025 - 10/2025

Applied AI & Data Science Certification

- Studied at MIT to gain certification in data work I've been doing in my career.
- Formalized skills in Machine Learning, Applied AI, and Data Science by optimizing models with accuracy boosts of 50% and reduced training latencies of 30% through advanced hyperparameter tuning and data pipeline refactoring in simulated production environments.
- Tools: Python, R, Seaborn, NumPy, Pandas, Scikit-Learn, TensorFlow, Keras, AI Creation, Generative AI, Transformers, OpenCV, Hugging Face, ChatGPT, DALL-E, Langchain, Natural Language Processing, Predictive Algorithms, Data Processing, Data Visualization, Tableau, Excel, Deep Learning, Data Analysis, Amazon Web Services Cloud.

Microsoft

Redmond, WA • 06/2025 - 10/2025

Azure Data Fundamentals Certification

- Utilized Microsoft Learn course work to improve Azure data service skills. Managed and processed cloud-based datasets while ensuring architectural alignment and functionality.
- Engineered a robust automated cleaning framework that improved data quality scores from 65% to 98% by successfully identifying 15+ dirty-data edge cases in a controlled sandbox.
- Tools: Azure SQL, NoSQL, Cosmos DB, Synapse Analytics, Data Factory, Power BI, Blob Storage, Data Lake Gen2, ETL/ELT Pipelines, T-SQL, and Relational/Non-Relational Modeling.

New York City HRA

New York, NY • 11/2023 - 09/2024

Program & Data Manager

- Directed enterprise-level Data Management and Data Integration of the New York SNAP/EBT system to direct and increase a \$7.6 billion budget in regulatory compliance.
- Utilized ground research and testing data to inform infrastructure updates that decreased workload for employees by 40% and increased system accuracy for clients by 25%.
- Tools: Cúram (ACCESS HRA), WMS (Welfare Management System), POS (Paperless Office System), UiPath (RPA), SQL (SSIS), dbt, Power Automate, Tableau, and Excel (Advanced/VBA).

City of New York**New York, NY • 10/2023 – 05/2025****Events & Community Coordinator**

- Directed full-cycle Program Development and event design for NYC using advanced Data Integration strategies to drive informed process improvements.
- Created innovative outreach strategies alongside Data Analysis that increased overall platform conversion and boosted event attendance by 35% with 30% more events.
- Tools: Cvent, Salesforce CRM, Eventbrite, Partiful, Luna, Zapier, Asana, Monday.com, Mailchimp, Slido (Analytics), Tableau (Reporting), Microsoft Excel, and Microsoft Teams.

Comprehensive Life Resources**Tacoma, WA • 09/2022 – 09/2023****Program & Data Manager**

- Provided wraparound services to those without homes or unstably housed as leaders in State and City grants alongside successful models such as 'FHARPs' by completing grant deliverables, grant procurement, and process based upkeep alongside technical solutions.
- Deployed feedback cycles and nuanced experience to redesign the State system, significantly improving data capture and operational efficiency for 1,000s of clients by 60%.
- Tools: ArcGIS, Google Forms, Microsoft Excel (Data Methodology), HMIS (Clarity), WA SAW (SecureAccess Washington), PRISM (Online Grant Management), Julius (Peer Services Data).

Federal Agencies**Washington, DC • 10/2021 – 08/2022****Contractor: Asset, Cyber, Monetary & Domestic**

- Awarded multiple independent contracts in research and management within agencies, applied program management methodology with information acquisition, situational analysis, landscape research and coinciding upkeep for critical operations
- Engineered a standardized Data Warehousing and situational analysis framework that enhanced multi-scale operational outcomes by 25% via Data Management.
- Tools: Risk Management Frameworks (RMF), NIST Standards, SQL, Advanced Excel, Microsoft Project, Data Security, and Secure Communication Platforms, SQL Queries.

Federal Railroad Administration**Washington, DC • 04/2021 – 07/2021****Environmental Researcher, Oil Train Safety**

- Completed research for Hazardous Materials and Human Factors Division in accordance with regulatory principal and localized nuance, attributing to movements in policy or programming for solutions in urban transport at multiple levels of scale.
- Produced reports and policy coverage material that informed agency-wide programming, significantly reducing localized safety risks in implementation.
- Tools: ArcGIS (Spatial Analysis), NEPA Frameworks, FRA Safety Standards, Microsoft Excel (Data Modeling), Tableau, Graphic Design, Adobe Acrobat and Federal Reporting Suites.

Lytx, Inc.**San Diego, CA • 01/2021 – 04/2021****Technical Specialist — Fleet Management & AI Integration**

- Maintained client satisfaction and onboarding stability through troubleshooting, data entry, and integral safety checks of hardware compatibility.
- Leveraged technical experience and customer engagement techniques to maintain B2B leads, increasing lead generation and customer satisfaction by 30% each.
- Tools: Salesforce CRM, Gainsight (CSM), Zendesk (Ticketing), HubSpot, Jira (Bug Tracking), Lytx DriveCam API, Telematics Data Suites, and Oracle NetSuite (ERP), Microsoft Excel.

Solar Household Energy, Inc.**Washington, DC • 12/2019 – 07/2020****Assistant Director**

- Visualized publications, donor outreach graphics and grant-writing materials while utilizing social feedback cycles and economic analysis to assess the feasibility of programs and improve upon local and culturally relevant models of implementation.
- Bolstered industry strength through R&D and multi-actor projects, resulting in clear upticks in donor engagement, decreased energy expenditure, and improved indoor air quality.
- Tools: Adobe Creative Suite (Illustrator/Photoshop), Salesforce (Donor Management), Mailchimp, Google Analytics, Excel, Google Ads, and Website Design (HTML/CSS).

Living Classrooms Foundation DC**Washington, DC • 09/2019 – 12/2019****Volunteer Program & Grant Consultant**

- Derived textual and budgetary analysis for DOEE grant applications to promote green workforce development and the transformation of Kingman Island greenspace.
- Orchestrated a suite of wraparound programs and successfully designed a grant funded meta-analysis for their integration and cross-participation to enhance educational and workforce opportunities in rainwater retention gardens and eco job development.
- Tools: Salesforce (NPSP), VolunteerHub, Microsoft Excel (VBA/Budgetary Modeling), E-Grants (DOEE Portal), SMART (Participant Tracking), and SurveyMonkey (Meta-Analysis), Acrobat.

Where There Be Dragons**Varanasi, India • 08/2018 – 01/2019****IRB Social Policy Researcher**

- Conceptualized the environmental impact of natural gas cremation technology and its confluence with local spiritual tradition through multi-system energy dynamics.
- Created and conducted an IRB-approved study and publication in accordance with NIH principles, resulting in broader regional support for Sankat Mochan Water Foundation.
- Tools: NVivo (Qualitative Analysis), Qualtrics, NIH Ethics Framework, Structured Interviews, Ground Level Research, SPSS, and Zotero (Academic Publication Management).

EDUCATION**Bachelor of Arts in Economics, Public Health**

Goucher College

05/2019

CERTIFICATIONS**Applied AI & Data Science Certification**

Massachusetts Institute of Technology

10/2026

Microsoft Certified: Azure Data Fundamentals

Microsoft

10/2025

Ethical Emerging Technologist Professional Certificate

CertNexus

12/2021

Google Grow Project Management Certificate

Google

12/2021

Project Management Essentials Certified

Management & Strategy Institute

08/2021

SKILLS

PLATFORMS AND TOOLS: Amazon Web Services (AWS Cloud, S3, EC2), Advanced Excel (Pivot Tables, VLOOKUP, Power Query, VBA, Macros), Java Developer, Python (NumPy, Pandas, Seaborn, Scikit-Learn, Jupyter Notebooks), Generative AI & LLMs (Transformers, Hugging Face, LangChain, NLP, LoRA/QLoRA, Agentic Workflows), Deep And Neural Learning Frameworks (PyTorch, Tensorflow, Keras), GitHub (Copilot, Git CLI, Github Desktop), Microsoft Azure (Databricks, Synapse Analytics, Data Factory, Data Lake Gen2, Cosmos DB, SQL, Blob Storage), Visualization Platforms (Tableau, Power BI, ThoughtSpot, Qlik Sense), Search & Research Tools (ArcGIS, Google Analytics), CRM Platforms (Salesforce, HubSpot, Gainsight), Project Management (Jira, Asana, Monday.com, Microsoft Project, Zapier), Productivity Suites (Microsoft 365, Google Workspace, Adobe Creative Suite), Industry Systems (Cvent, Eventbrite, Zendesk, Oracle NetSuite, Curam, WMS), Postman, Web Development (HTML5, CSS3, Javascript, React, Vite, Next.js), Statistics (R, STATA, MATLAB, SPSS, NVivo, Qualtrics, Zotero), Data Warehousing & Database Management (Snowflake, BigQuery, SQL, NoSQL, dbt, JSON), Government & Grant Management (HMIS Clarity, WA SAW, PRISM, E-Grants, SMART), Marketing & Communication (Mailchimp, Action Network, WordPress, PhoneBurner, Slido), Policy & Ethics Frameworks (NIST Standards, RMF, NEPA, FRA Safety Standards, NIH Ethics), Machine Learning, Graphic Design (Adobe, Canva, Figma, AutoCAD), Video Editing (Premiere, After Effects, Media Encoder, DaVinci Resolve, Motion Graphics), Audio Engineering (Audacity, DAWs, ElevenLabs), Data Pipelines (ETL/ELT, Apache Spark, Apache Airflow, Azure Data Factory)

TECHNICAL & BUSINESS SKILLS: Data (Data Validating, Data Cleaning, Data Wrangling, Data Governance, Data Warehousing, Data Storytelling, Data Visualization, Data Processing, Data Analysis, Data Integration, Data Management, Data Methodology, Data Modeling, Data Security, Data Integrity, Data Privacy Management, Quantitative Analytics, Qualitative Research, Big Data Engineering, Dimensionality Reduction, Hierarchical Clustering, Data Discovery, Data Profiling, Data Labeling, Data Anonymization, Synthetic Data Generation, Feature Store Management, Data Lineage Tracking, Root Cause Analysis), Strategy & Operations (Financial Analysis, Business Process Optimization, Stakeholder Alignment, Program Development, Program Management, Strategic Planning, Risk Management, Regulatory Compliance, Operational Efficiency, Process Reengineering, Resource Allocation, Change Management, Quality Assurance, Agile, Scrum, Performance Metrics, Cost-Benefit Analysis, Impact Assessment, Program Evaluation, Compliance Auditing, Data Monetization Strategy, Competitive Intelligence, Market Basket Analysis, Customer Churn Analysis, Value Chain Analysis, Decision Support Systems), AI & Advanced Modeling (Applied AI, Machine Learning, Deep Learning, Neural Networks, Natural Language Processing, Transformers, Generative AI, Prompt Engineering, Computer Vision, Predictive Algorithms, Hyperparameter Tuning, Model Evaluation, Model Tuning, Reinforcement Learning, Classification Algorithms, Sentiment Analysis, Recommender Systems, AI Agents, Language Processing, Bias Mitigation, Technology Ethics, Econometrics, Regression Analysis, Time Series Forecasting, Statistical Data Analysis, Algorithm Design, Anomaly Detection, Federated Learning, Optimization Algorithms), Systems & Infrastructure (Cloud Infrastructure, ETL, ELT, Relational and Non-Relational Modeling, API Development, API Integration, IoT Specialization, Spatial & GIS Analysis, Technical Program Management, Back-End Web Development, Front-End Web Development, Responsive Web Design, Intermodal Network Analysis, Database Management, Process Automation, Serverless Architecture, Indexing, Load Balancing), Creative & Communication (Graphic Design, Video Editing, Motion Graphics, Post-production Workflow, Technical Writing, Grant Procurement, Grant Writing, Program Modeling, Engagement Forecasting, Public Outreach Strategy, Community & Donor Engagement, Publication Material Design, Infographics, Group Facilitation)

INTERPERSONAL SKILLS: Data Storytelling, Briefing and Analysis, Cross-Functional Team Building, Consensus Building, Executive Presentation, Business Acumen, Requirement Gathering, Critical Thinking, Problem Solving, Analytical Reasoning, Mentorship, Peer Coaching, Change Management, Inclusive Leadership, Conflict Mediation, Resource Allocation, Time Management, Strategic Decision-Making, Active Listening, Adaptability, Diplomacy, Emotional Intelligence, Cross-Cultural Communication, Resilience Training, Trust Facilitation, Group Empowerment, Multi Agency Coordination, Professional Ethics, High-Level Customer Service, Empathy, Patience
